

Embleton Care Awarded Maximum 3 Year Accreditation

November 2008

Embleton Care recently undertook a major audit with the Aged Care Accreditation and Standards Agency as part of our ongoing compliance with government requirements.

The agency undertook a comprehensive assessment of all aspects of the facility including management systems, staffing, the living environment, clinical care and leisure and lifestyle activities.

Auditors reviewed the facility's systems and spoke at length with managers, staff, residents and family members.

The agency auditors found that the facility met 44 of 44 standards and have awarded the facility the maximum three years accreditation.

The auditors highlighted the comprehensive systems in place suggested that the facility consistently meets Best Industry Practice.

The auditors also highlighted the universally positive feedback from staff, residents and visitors.

Embleton Care will continue to work towards surpassing the expectations of the Aged Care Standards and Accreditation Agency over the next three years as we meet our ongoing obligations to the agency and our residents.
